

UI/UX Developer

We are looking for UI/UX Developer who has good understanding of User Experience across different platforms with experience in developing user interfaces for web based applications, websites and APPs.

Your mission should you join us

- Gather and evaluate user requirements in collaboration with product managers and engineers.
- Collaborate closely with cross-functional teams of product owners, software architects and others across the company.
- Develop UI mockups and prototypes that clearly illustrate how sites function and demonstrate user experience.
- Design user interfaces for mobile (iOS, Android) and web platforms.
- Adhere to style standards on fonts, colors and images.

What you will need for an Audition

- Degree in computer science/ IT or any relevant field (B.E/ B.tech/BCA/B.sc (IT))
- 2+ years proven work experience as a UI/UX Developer or similar role.
- Portfolio of design projects.
- Hands on experience with markup languages.
- Experience with JavaScript, CSS and jQuery.
- Ability to work and thrive in a fast-paced environment, learn rapidly and master diverse web technologies and techniques.
